

**Camp Barnabas**

[WWW.CAMPBARNABAS.ORG](http://WWW.CAMPBARNABAS.ORG)

We ignore the limitations that can be put on people with special needs and offer experiences that push the limits of what the outside world says is impossible for our campers. We take each summer camp activity apart and adapt it for anyone who wants to participate-- no matter their limitations. Our campers can experience activities like a high ropes course, canoeing, swimming, archery, rifles and more. Our campers are empowered by the love, acceptance and encouragement they receive while at camp. Camp Barnabas becomes more than a week of camp, it becomes a life-changing experience.
