

Please correct your calendars! The notice below erroneously indicated that February 18th is a Wednesday. Actually, it is a Tuesday. We hope to see you there!

The Federal Communications Commission's (FCC's) Consumer and Governmental Affairs issued a Public Notice announcing a workshop on research initiatives on IP-based relay technologies. The workshop will be held at the FCC's headquarters, located at 445 12th Street, SW, Washington, DC 20554 on Wednesday, February 18, 2014 from 9:30 to 12:30. The FCC and the National Institute on Aging will host the workshop, which is the first in a series of workshops to gather and incorporate stakeholder input on the types of research that are needed to improve the functional equivalency and efficiency of TRS.
