Subject: February SVRS Messenger Newsletter

Sorenson Communications is pleased to present the February issue of the *SVRS Messenger* newsletter.

Hello!

The latest issue of Sorenson Communications' *SVRS Messenger* newsletter is now ready to view. February is Black History Month. In this issue we celebrate deaf African American people, culture and their contribution to America. Newsletter stories include:

- Company Message
- Noteworthy Deaf African Americans
- Black ASL
- Black ASL Signs
- Deafness and Diversity
- Around Town

To view the February issue, [click here](#). Enjoy the *SVRS Messenger* newsletter!

If you choose Sorenson as your default provider, you can port your existing 10-digit number to Sorenson from another provider or Sorenson can provide you with one for the geographic area where you live or work. If you later change your default provider, you can port your number to that provider. When selecting Sorenson, you must provide to Sorenson the physical address (i.e., the Registered Location) from which you are placing the call, so that Sorenson can properly route any 911 calls you may make. If you move or change your location, you must notify Sorenson immediately. You can update your Registered Location from your Sorenson videophone by calling [800-659-4810](tel:800-659-4810) or by visiting www.sorenson.com/moving. Sorenson will confirm receipt of your Registered Location information. Emergency calls made via internet-based TRS may not function the same as traditional E911 service. For example, you may not be able to dial 911 if there is an internet-service failure or if you lose electrical power, and your 911 call may not be routed correctly if you have not updated your Registered Location. For more information on the process of obtaining 10-digit numbers and the limitations and risks associated with using Sorenson's VRS to place a 911 call, please visit Sorenson's website: www.sorenson.com/disclaimer. For information on toll-free numbering, please visit www.sorenson.com/tollfree.
