Introduction to Missouri Commission for the Deaf & Hard of Hearing

About Missouri Commission for the Deaf & Hard of Hearing

The Missouri Commission for the Deaf and Hard of Hearing works with individuals, service providers, businesses, organizations, and state agencies to improve the lives and opportunities of all Missourians with hearing loss.

The Missouri Commission for the Deaf (MCD) was established by the Missouri Legislature in 1988 with the passage of House Bill 1385. The MCD office opened in July 1990 and was housed at the Missouri School for the Deaf until late 1994. At that time the office was moved to Jefferson City. The name was changed to the Missouri Commission for the Deaf and Hard of Hearing (MCDHH) in 2002 with the passage of House Bill 1783.

Missouri Interpreters Certificate System (MICS)

The Missouri Interpreters Certification System (MICS) was established by the Missouri legislature in 1994 with the passage of Senate Bill 568. That statute (209.321, RSMo) requires anyone who engages in the practice of interpreting within the state of Missouri to be both certified and licensed.

That statute established two separate boards with responsibility for administering the certification and licensure systems. The Board for Certification of Interpreters was created within the Missouri Commission for the Deaf and Hard of Hearing, and the Missouri State Committee of Interpreters was established within the Division of Professional Registration.

In 1997, the BCI began certifying interpreters using a Quality Assurance instrument that issued five levels of certification. In 2013, the BCI sought funding through the Missouri legislature to implement a newer testing instrument. In 2014, MCDHH leased the BEI certification exam from the state of Texas because of its proven validity and reliability. Rules were updated to reflect the changes to the new testing system, increasing the educational requirement to become an interpreter, and the number of hours required to maintain certification.

General Rules

Intern/Practicum Certificate

A student, registered in an Interpreter Training Program (ITP) approved by the BCI and required to interpret in order to fulfill the curriculum requirements for an internship or practicum course, may apply for and be granted an *Intern/Practicum Certificate*. Verification of registration in the internship or practicum course by the director of the ITP is required.

Missouri Rules

5CSR 100-200.085 Intern/Practicum Certificate

PURPOSE: This rule outlines the criteria necessary to obtain Intern/Practicum Certification by students currently enrolled in an accredited Interpreter Training Program.

- (1) Intern/Practicum Certification (IPC) will be granted to a student applicant upon verification of registration in an interpreting practicum or internship course in an Interpreter Training Program (ITP) that is recognized by the Board for Certification of Interpreters (BCI) and housed in a regionally accredited institution of higher education.
- (2) The applicant's ITP director/coordinator is responsible for notifying the BCI regarding the effective start and end dates of the IPC.
- (3) If the requirements of sections (1) and (2) above are met, a student applicant need only submit the appropriate application form and fee in order to obtain the IPC.
- (4) A student with IPC must follow the established guidelines and requirements of their ITP during their interpreting practicum or internship course.
- (5) Should a student with an IPC either withdraw from or be denied admission to their interpreter practicum or internship course for any reason, their ITP director/coordinator is responsible for immediately notifying the BCI so that the student's IPC may be revoked

AUTHORITY: sections 209.295(8) and 209.297(2), RSMo 2000.* Original rule filed Nov. 27, 1996, effective July 30, 1997. Rescinded and readopted: Filed July 26, 2001, effective March 30, 2002. *Original authority: 209.295, RSMo 1994 and 209.297, RSMo 1994.
